

TRANSPORTATION FOR SCHOOL SPONSORED EVENTS

The School District endeavors to provide student transportation for all participants involved in school sponsored events. It is expected that all students will travel on the school bus or vehicle provided by the School District.

In the event the School District cannot reasonably provide student transportation to school sponsored events due to either school bus driver shortages, mechanical breakdown or other causes, the Superintendent or his/her designee can authorize parents/guardians, or students if duly licensed, to transport themselves to events. In addition, School District Policy EEAG applies to the use of private vehicles to transport students.
