

**RELATIONS WITH HEALTH AND WELFARE AUTHORITIES**

All activities of the Health Department, in relation to the schools, will be through the offices of the Principals and School Nurse. If the activity warrants, a written report will be filed with the Superintendent and Principal for transmittal to the School Board.

The School Board will cooperate fully with the Town Medical Officer.

All activities of the Welfare Department with students during the school day will be through the office of the Superintendent and/or the Principal. Where practicable, the School Nurse will be involved.

A written record of all action will be filed with the Superintendent of Schools.
