

RELATIONS WITH RECREATION AUTHORITIES

Relations with the Goffstown Parks and Recreation Department include mutual ownership and use of the running track and field at Barnard Park, and the agreement that the Parks Department will maintain the mowing of grass on school lawns, playground and athletic fields. Use of certain gymnasiums is also by mutual agreement, whenever the schools do not require such, and when their use will not disturb school activities.

Continued cooperative relations between the Goffstown School Board and the Goffstown Parks and Recreation Department is, of course, highly desirable.
