Article 04 Petition Warrant Article to Public School District Check Registers

We the undersigned are directing the Superintendent to make available access to the check register on the school district website. This information has been available to Bedford residents for many years. Bedford residents can monitor monthly expenses paid out of the school district bank account. Residents can access this information through a 91-a, Right to Know Request, but this can be a cumbersome task for school officials. By providing this information on the district website, school officials can direct people to the website for this information. That should cut down on time and money spent on gathering this information. Why should you support this? 1) Transparency. This will make many expenditures transparent. 2) Fiscally Responsible. This will cut down on the cost of having to search and provide information to those who file 91-a's Right to Know Request for this information.

The School Board does not recommend this article 9-0-0
